Senior HR Officer

The Remote Group

Clark Center, Pampanga, 2009

Greetings!

I am writing to express my keen interest in the Front-End Developer internship advertised on Indeed. The Remote Group's dedication to fostering student internships through partnerships with institutions like Holy Angel University particularly resonated with me.

My qualifications closely align with the internship's requirements. As a web development major nearing graduation next summer, I bring a well-rounded skillset in HTML, CSS, JavaScript, and various frameworks to the table. I've further enhanced my technical expertise by earning certifications through Cisco Academy courses, including those in IoT, Cybersecurity, CyberOps Associate, CCNA, and Red Hat.

I am confident I can contribute meaningfully to The Remote Group's continued success. My attached resume provides further details on my experience and achievements. I've also included a link to my digital portfolio (kjyyx.github.io) showcasing my work.

Thank you for your time and consideration. I am eager to discuss how my skills can benefit your team. I welcome any questions you may have, and you can reach me at +63 919 968 3560 or kpjaculbia@gmail.com.

Ad infinitum et ultra,

Kenji P. Jaculbia
